EXPERIENCE

Coderatory , MERN Stack Developer

September 2024 - December 2024

Coderatory offers me a experience and practical solutions for web development projects.
Empowering me to master in full-stack development in a collaborative environment.

PROJECTS

Tresmind Solutions
https://tresmind-sol-test-ij87.vercel.app/

A fully animated, modern website built with Material UI, highlighting my skills, work, and experience with smooth, professional interactions.

Quick Web Hub
https://quick-web-hub.vercel.app/

A clean and modern website for my future software house, built as a foundation to showcase services and digital presence.

Tasty Burger
https://tastyburger63.web.app/

A visually appealing frontend website for a burger brand, designed with bold UI and smooth animations. Showcase design skills and user-friendly layout.
